ENCOURAGING REPORTS

Received by Hitchcock from Maryland and Indiana.

New York, Oct. 16.—The publication of the names of the contributors to the Democratic campaign fund created no perceptible commotion at Republican headquarters. Chairman Hitchcock said that for the past two days he had been very much interested in the finances of his own committee, so that he had little time to devote to the financial affairs of any other committee. Mr. Hitchcock said he had received encouraging reports from Maryland through William P. Jackson, member of the national committee from Maryland.

Former Governor W. T. Durbin was at Republican headquarters, and at the request of Chairman Hitchcock he made a brief statement as to conditions in Indiana. He said: "Indiana will give the national Republican ticket a majority of from 25,000 to 40,000. The state ticket will be elected by not less than 15,000. Indiana is normally Republican by 40,000. You may depend upon it that the reports that there is any danger of the state being other than Republican in this election have no shadow of truth."

Kean, Sandusky; deputy grand commander, Charles F. Henry, Marietta; grand generalissimo, J. Russell Johnson, Dayton; grand captain general, Charles H. Eichorn, Fremont; grand senior warden, Henry Schaefer, Toledo; grand junior warden, Charles E. LATONIA JOCKEY CLUB

Will Permit Bookmaking in Defiance of Racing Commission.

Cincinnati, O., Oct. 16.—Bookmaking will be permitted in defiance of the orders of the Kentucky racing commission at the fall meeting of the Latonia Jockey club, which commences Monday, Oct. 19, the directors of the jockey club so deciding at a meeting held here.

It is expected that this decision will bring on a clash with the state racing commission, which has repeatedly declared in favor of the pari-mutuel system of betting, and refused the application of the jockey club for permission to allow bookmaking at Latonia. If the matter is taken to the courts not only the control of racing in Kentucky, but the future of the racing game in that state will be at stake. The racing commission is expected to apply for an injunction to restrain the Latonia directors from permitting bookmaking, and the Latonia officials will probably meet the attack by fighting in the courts the validity and constitutionality of the law creating the racing commission. The directors stated that the pari-mutuel machines were tried at Latonia at the spring meeting, and the club lost considerable money.

Columbus Man Is Supreme Chief.

Washington, Oct. 16.—Yonkers, N. Y., the place, and the second Tuesday in October, 1909, the time, were selected for the next annual convention of the supreme castle, Knights of the Golden Eagle. Some of the new officers elected are: Supreme chief, Dr. Charles D. Krim, Columbus, O.; supreme vice chief, Dr. E. F. Lake, Denver, Colo.; supreme high priest, Rev. Richard Woods, Huntington, W. Va. The convention changed the date of the annual memorial day from the third Sunday in January to the third Sunday in May, and voted to place a tombstone on the grave of its founder, John E. Burbage, in Baltimore, and later erect a handsome monument to him.

BRYAN DONATES TO REPUBLICAN FUND

Contribution Conditioned on Carrying Old Banners.

Nebraska City, Neb., Oct. 16.—"I will give five dollars to the Republican campaign committee of this city if the Republicans will carry in their parade this year the banners which they boastfully carried eight years ago."

William J. Bryan made this offer during the course of his speech in this city, in which he called attention to the great difference between his reception now and that accorded him eight years ago. Then he received intimations of personal violence in case he should speak against the trusts, the local starch factory having been taken over by the alleged trust, against which legal proceedings were pending. Then he warned the citizens of this city that they had no assurance of retaining the industry. Since that time the factory has been closed down, the machinery moved out and wrecking crews are now dismantling the old buildings. Insulting banners were carried in a Republican parade at that time and Mr. Bryan made the above offer, leaving the money with the chairman of the meeting.

In handing over the money Mr. Bryan said: "Your starch works banners are discarded now as the full dinner pail has been discarded in the labor centers of the east. The more experience the people have with the trusts the more ready they are to say with the Democrats that a private monopoly is indefensible and intolerable."

Nebraska Tour Ends.

Plattsmouth, Neb., Oct. 16.—William Jennings Bryan closed his three-days' speaking tour of his home state with a large meeting in this city, feeling that Nebraska can be safely counted in the Democratic column this year by a large majority than he received in 1896. The speech-making began early in the morning and continued throughout the day. More than 20 stops were made and at each place Mr. Bryan talked longer than he had been scheduled for. "I know that I should leave here now," he said at Tecumseh, "but these people have been so good to me in the past that I will have to remain with them a little longer." His addresses were more aggressive than they have been during the week.

Boston, Oct. 16.—The Christian Science Sentinel today announces the establishment by the Christian Science Publishing society of a new daily paper, to be known as the Christian Science Monitor. It will be the mission of the Monitor to publish the real news of the world in a clean, wholesome manner, devoid of all the sensational methods employed by so many newspapers. There will be no exploitation or illustration of vice and crime, but the aim of the editors will be to issue a paper which will be welcomed in every home where purity and redemption are cherished ideals."

Scranton, Pa., Oct. 16.—The convention of the anthracite miners' union closed after making public the scale agreed to by the scale committee and approved by the delegates. The demands include:

"The complete recognition of the United Mine Workers of America as a party to negotiate a wage contract and that the United Mine Workers of America shall be recognized in our right to provide any method we may adopt for the collection of revenues for the organization; that we demand an eight-hour day with no reduction of wages; that all coal shall be mined and paid for by ton of 2,000 pounds; that we demand a definite and more uniform scale of wages and prices for all classes of labor at all collieries in the anthracite region, and that all employees paid \$1.50 or less per day shall receive a 10 per cent advance and all employees paid more than \$1.50 and less than \$2 per day shall receive a 5 per cent advance."

Foreman James McPherson is reported fatally injured. All the injured were removed to the hospital at Fort Collins in a special train.

FINE PAINTING.

A grand painting on canvas 4x10 feet has been presented to Col. T. G. Stuart by his admiring brethren of the Pythian Order. It represents the American flag and perched on the flag-staff is an American eagle, quit it. The sooner you go, the more you will be urged to come again.—Aitchison Globe.

Presented by his admiring friends in Northern Kentucky the Past Grand Chancellor, T. G. Stuart. The man who 'unexcused' who has broken all records and gained the love of all by his true Pythianism. Onward and Upward.

The picture adorns the sitting room at the Elks Club.

Advice to the Stayer.

There are few people in the world who have time-to-go sense. No guest is welcome forever. If you are in the habit of staying until every one begins to look as if that tired feeling was getting the better of their politeness, quit it. The sooner you go, the more you will be urged to come again.—Aitchison Globe.

Truth.

Truth is at variance with our natures, but not so error; and for a very simple reason. Truth requires us to recognize ourselves as limited, but error flatters us with the belief that in one way or another we are subject to no bounds at all.—Goethe.
